INFORMATION: Name of Student
Composer/Title of Piece (including K, Opus
D, BWV number)
Time (length of piece(s))

This is the first in a series of member hosted Musicales giving students an opportunity to present "works in various stages of development."

It also provides an informal, relaxed setting for students to meet others involved in the study of their instrument.

*Future gatherings may include "theme events,"
ensemble recitals,
film afternoons, and other presentations.*

*As these events are in a "living room setting,"
enrollment is limited to the first 18 students/parents.*
